1959 CATALOG LIST

ORCHIDS ARE FOR EVERYONE

Once a symbol of luxury that only a few could possess, now orchids are available to everyone. Listed in this catalog are fine seedlings at modest prices, as well as some of our rarer stock for the connoisseur.

Our sturdy seedlings and plants, of which we are justly proud, prove that the Gore collection of parent plants is one of the finest in the world.

Some of the varieties are limited, so we suggest that you order early to avoid disappointment. Reservations will be made if necessary, and you will be notified when they are ready.

Your order will receive prompt and careful attention. Plants will be shipped via Railway Express, collect, out of pots, unless otherwise specified.

OFFERING OF CHOICE STOCK

We offer only one division of the following plants. We suggest that you wire or phone for further inquiries on any of these plants, as they will be sold to the customer who places the first order.

FOR THE BEGINNER

Again we are offering ten blooming sized, mature plants of various colors, blooming in various seasons throughout the year for only \$25.00. These plants would be of our selection, and could include species and cattleyas.

GROWING SUPPLIES

Silvacon OO Bark (Fir)

We have a distributorship for this bark, and we are using it with outstanding success. We have experimented with all types, and find this bark to be more uniform and also to be the most practical media to use for all genera.

We recommend a 30-10-10 fertilizer with this bark. We also know that after using this media that you will agree with us that it is the best on the market. This bark is less expensive than many of the other medias offered on the market today, being only \$4.50 for a 2 cu. ft. bag, approximately 50 lbs.
